Equities Highlights

- The market registered bullish sentiments, evidenced by the 2.0% rise in the Nairobi All-* Share index (NASI) to close at 131.35 points. The performance was mainly driven by gains in large-cap stocks such as EABL, Safaricom, KCB Group Plc and Equity Group Holdings, of 7.0%, 2.1%, 2.5%, and 1.4% respectively. We believe the recent uptick in bullish momentum in the market is largely driven by successful trade negotiations between the U.S. and China, which resulted in a significant reduction in tariffs. This has eased global market uncertainty, prompting investors to return to equities in search of undervalued opportunities.
- Trading activity decreased by 80.8% in the day to KES 255.92 Mn down from KES 1,329.82 Mn in the previous session.
- Foreign investors were net sellers, recording outflows totaling KES 13.77 Mn compared to net inflows totaling KES 102.94 Mn recorded in the previous session.
- * Safaricom was the most traded counter of the day with aggregate turnover clocking KES 82.85 Mn, with KCB Group coming in as the second most traded counter with the cumulative turnover coming in at KES 58.62 Mn.
